

# Collective Worship

**This week's theme:** Have faith to change the world...and be generous.

**The Bible tells us:**

**Inspirational quote:**

## Thought for the week

There are times when we need to take a step back and look at all that we have; to be grateful for our lot. When we appreciate what we have, it can help us to help others and build them up, with words or actions, bringing our community together through compassion.

## This week

This week we have reflected on how we can be generous towards others through our time, our kind words and deeds as well as anything of monetary value.

Mr Andrews spoke to us about how sport can unite communities and whole countries. He reminded us of the incredible opportunities Nelson Mandela took in his attempts to unite South Africans and the generosity he showed in the sacrifices he made.

Skittles spoke to us about the different ways in which we can be generous and how we can make a huge difference to the people around us just by being there for them when they need our support.

In class collective worship we reflected on how we might be able to start a movement and perhaps pay the generous deeds others do for us forward.

We pray that we take the time out from our busy lives to have the space to be there for one another and be generous with our time for helping others so that we can all flourish.
